Relationship with Professional Bodies

- As a University we enjoy well established and close working relationships with a diverse range of professional bodies that represent the needs of employers and the professions
- Majority of our programmes are accredited or recognised by professional bodies providing our students with professional qualifications and recognition
- Academic staff are members of the relevant professional bodies and in some areas such as Nursing staff require active registration (updated annually) and require Nursing and Midwifery Council approved teacher status

Business School

Accounting
and Finance

HRM

Management

Marketing
