4. We do not record specific waiting times for individual students seeking treatment however we aim that students wait no longer than 4 weeks between their referral and being seen by a Counselling and Mental Health Specialist. This is a significant improvement on previous academic years when the wait was 12 weeks at peak times.

5. There hasn’t been a specific internal report or review within that period, however we are investing in current provision and planned provision that aims to improve counselling, wellbeing or mental health services as well as minimising the time students wait for support and improving access.
I trust this satisfies your request sufficiently. Under the Freedom of Information Act 2000, you have the right to complain about the University’s response to your request for information. If you have such a complaint, you may contact Mr David Maplas, Director of Student Affairs, Middlesex University, Hendon campus, London NW4 4BT, tel: 020 8411 5830, d.maplas@mdx.ac.uk within 40 days of the date of this letter for a review of the University's decision. If you remain unsatisfied with the outcome of that complaint, you may seek further recourse by lodging an appeal with the Information Commissioner.
