## 12. Programme structure (levels, modules, credits and progression requirements)

### 12. 1 Overall structure of the programme

The programme is studied over one year full time.

The programme is divided into study units called modules and modules are either 15 or 30 credits. The academic provision of the University is based on credit accumulation. Students will accumulate credit points by passing modules in order to gain the award of the University. To gain a BA (Hons) degree title a student must gain 120 credit points at level 6 (this is in addition to the 240 credits pre-accreditation). Students will study modules totalling 120 credits per year.

Students will study six compulsory modules designed to advance skills and knowledge appropriate to graduate level in topics fundamental to managerial decision making and supply chain management and logistics.

The structure of the programme is as follows:
