Dear Ms Vonberg

Your request for information received on 2 April 2019 has been dealt with under the provisions of the Freedom of Information Act 2000 (FOIA).

You asked:

Under the Freedom of Information Act 2000 I request answers to the following two questions.

What advice or regulations has Middlesex University received from any government department regarding admission of individuals who were:

- A. Studying in the UK on a Tier 4 visa and have been given a 60 day period within which to leave the UK or to make a new Tier 4 application to study at a new institution.
- B. Previously accused of cheating on the Test of English for International Communication and have since won their case in the courts or have reached a settlement with the Home Office or Government Legal Department.

### **University Response**

Middlesex University has received no specific advice or guidance in relation to either of the issues outlined above from any government department.

I trust this satisfies your request sufficiently. Under the Freedom of Information Act 2000, you have the right to complain about the University's response to your request for information. If you have such a complaint, you may contact Mr David Malpas, Director of Student Affairs, Middlesex University, Hendon campus, London NW4 4BT, tel: 020 8411 5830, [d.malpas@mdx.ac.uk](mailto:d.malpas@mdx.ac.uk) within 40 days of the date of this letter for a review of the University's decision. If you remain unsatisfied with the outcome of that complaint, you may seek further recourse by lodging an appeal with the Information Commissioner.

Yours sincerely

**John Gilchrist**  
Freedom of Information Officer
