

# The Economic and Civic Impact of Middlesex University

**£1 BILLION**

Middlesex contributed nearly £1 billion to the UK economy

**5:1 RETURN**

Against our running costs we provide a benefit-to-cost ratio of nearly 5:1

We deliver significant economic impact

**£394.7 MILLION**

generated through teaching by boosting graduate earnings and tax contributions

**£2.41 RETURN**

on every £1 spent on research with £37.5 million in annual economic growth

**£483.1 MILLION**

impact in London with nearly three-quarters in north and north west London

We exist to serve our communities

**TACKLING INEQUALITY**

98% of our students come from underrepresented backgrounds, including ethnic minority and low-income families

**POWERING THE PUBLIC SECTOR**

2,175 essential public sector workers trained annually, including 1,500 nurses and midwives, 400 social workers and 275 teachers

**ENHANCING THE LOCAL ENVIRONMENT**

Carbon emissions reduced by 28% since 2018/19, with plans to reach Net Zero by 2040.

We are an anchor institution in north London and drive growth across the UK

We provide opportunities for students

We strengthen the local economy

We help address the needs of local people
