MASTER YOUR FUTURE AT MIDDLESEX

You don't just want a qualification. You want a next chapter. That's where we come in.

At Middlesex, we don't offer postgraduate degrees that tick boxes, we offer ones that open doors. That's why we were named **University of the Year in London, voted by students** (WUSCAS, 2025), recognising our commitment to student experience, teaching and support.

Our programmes are built for curious thinkers, bold career changers, subject lovers, and future leaders. With flexible pathways, leading academics and real-world challenges baked into your learning, you'll move forward with confidence not just credentials.

You'll learn in inspiring spaces from VR clinics and financial labs to motion capture suites and studios. And you'll belong to a postgraduate community that's diverse, ambitious, and unapologetically real.

Take your first step today:
www.mdx.ac.uk/study/postgraduate

WHY CHOOSE MIDDLESEX FOR YOUR POSTGRADUATE?

Choosing a university isn't just about fit. It's about fuel. We're here to power your potential.

BUILT FOR THE REAL WORLD

Our courses are designed with employers, led by industry-active academics, and fuelled by over 1,000 employer connections from the NHS to Google, Deloitte to Saracens RFC. You'll gain the insight, experience and tools employers actually want.

"I chose my course because I couldn't stop thinking about it. It was where my curiosity naturally went. Middlesex turned that interest into something powerful."

Farah, MSc Digital Marketing

SUPPORT THAT MOVES WITH YOU

You'll never be just another number. At Middlesex, you'll have one-to-one access to academic mentors, wellbeing teams, and careers advisers who walk with you from your first lecture to your final step into work or next qualification.

1st

in London for Student Support and Top 5 in the UK (WUSCAS, 2025).

"I work part-time and have two young children. Middlesex helped me find my rhythm. My tutor supported me and understood my situation from day one."

Tom, MA Education

"Being able to access recordings and online sessions meant I didn't fall behind, even during my busiest months at work."

Reena, MSc Business Information Systems

FLEXIBLE, FOCUSED, FUTURE-FRIENDLY

Postgraduate life isn't one-size-fits-all. So we don't teach it that way. You'll study full-time, part-time or remotely, with access to specialist software, online tools, and tailored learning materials.

QUALIFICATIONS THAT COUNT

Accredited. Respected. Recognised. Our qualifications are underpinned by the rigour of professional standards, whether it's law, nursing, business, tech or the arts. Because your next step deserves more than a certificate. It deserves credibility.

1st

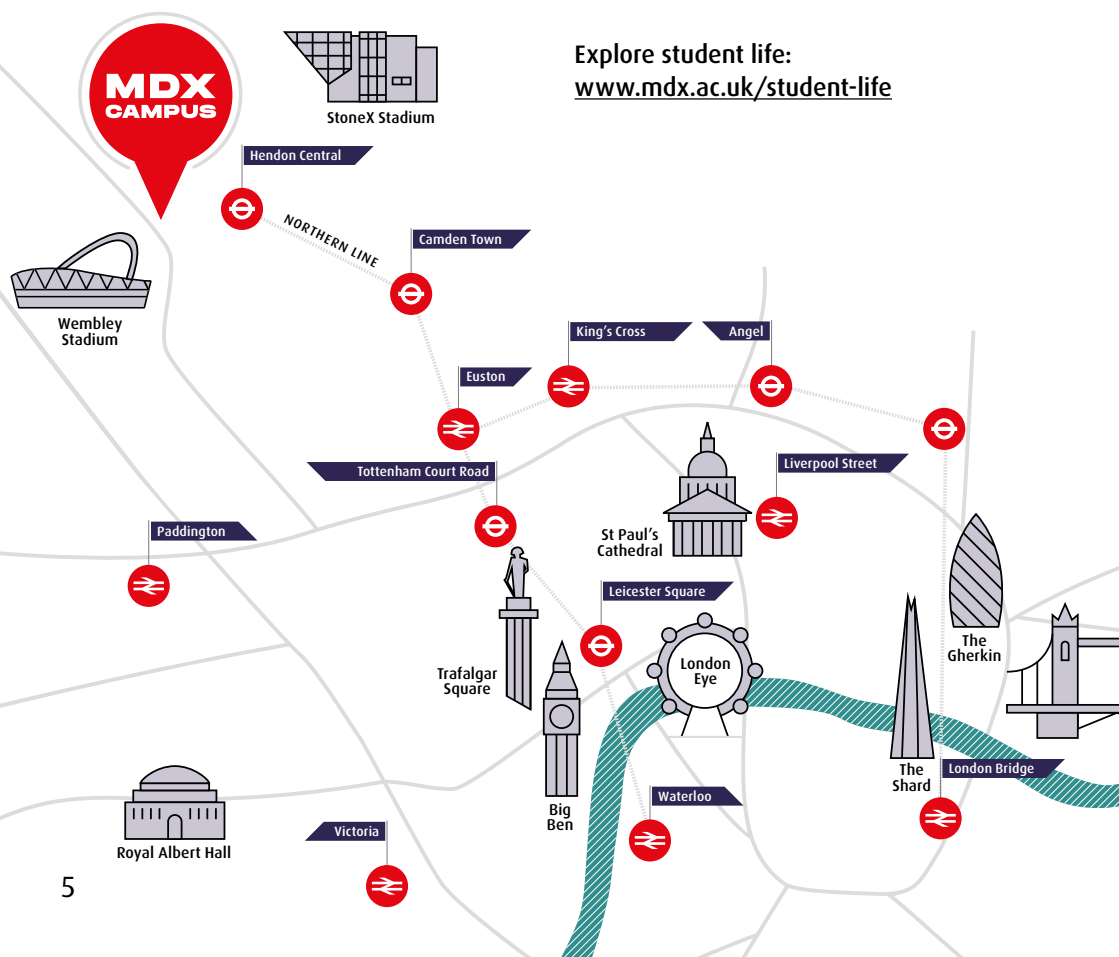

University in the UK for Employability (Uni Compare Rankings, 2026)

YOUR NORTH LONDON UNIVERSITY

Where London's opportunity meets local energy.

At Middlesex, you're based on one fully connected campus that's as ambitious as the city around it. Just 10 minutes from the Northern Line and 30 minutes from central London, you'll study in a green, self-contained space that gives you space to focus, without missing a beat of what the capital has to offer.

Explore student life:
www.mdx.ac.uk/student-life

You're not crossing zones or campuses to get to class. You're rooted in Hendon, North London, close to innovation hubs like Google, Universal Music, and the Francis Crick Institute, and even closer to grassroots start-ups and changemakers redefining community impact. Our connections stretch across the city and into the neighbourhoods that make it thrive.

This is the best of London, without the chaos. Think food markets, VR labs, creative studios, and a financial lab all in one place. Then step off campus and find yourself networking at a gallery opening in Camden, pitching ideas in King's Cross, or unwinding in Hampstead Heath.

It's not just that we're in North London.
We're proud of it.

TRAVEL INFO

-  **15 minutes**

-  **2 hours 20 minutes**
Norwich to Euston

ACHIEVE YOUR CAREER AMBITIONS

This isn't just about what you'll study, it's about where it takes you. Whether you're switching paths, levelling up, or launching something new, Middlesex is built to turn ambition into impact.

We embed career development into everything you do:

1

Connect with top global employers

We work with 1,000+ industry partners, including Deloitte, NHS Trusts, Apple, Amazon, and Warner Bros.

2

Gain valuable work experience

Secure dedicated postgraduate work placements or internships, with full support from MDXworks and your academic faculty.

3

Apply your knowledge

Work on live projects, real client briefs, and industry collaborations that are built into your modules.

4

Access lifetime career and business support

Get one-to-one coaching, interview prep, and CV advice from MDXworks for life. You can also launch your own business with mentoring and funding from our Enterprise Development Hub.

1st

in the UK for Course Quality
(Uni Compare Rankings, 2026).

2nd

in the UK for graduate earnings
growth (The Telegraph, 2024).

Discover career support:
www.mdx.ac.uk/study/your-future-career

EXPERIENCE OUR

As a postgraduate student, your priorities are different and our campus reflects that.

Need focus? You'll find dedicated quiet zones and extended library hours. Want connection? There are over 85 clubs, including postgraduate-specific groups like our Postgraduate Society and the Parents and Carers Group.

Our social spaces and cafés, including Greggs, Costa, Starbucks, Tortilla are perfect for study breaks. And our library is open late, offering everything from skyline views to free laptop loans.

"The range of facilities helped me feel supported in both my studies and social life."

Charlotte, MSc Digital Journalism

EXPLORE OUR
WORLD-CLASS

FACILITIES

Your postgraduate journey is shaped by your environment, and ours is built for excellence. We've invested over £200 million in modern, sector-specific facilities across all disciplines and are ranked 1st in the UK for facilities (WUSCAS, 2025).

Take a virtual tour:
www.mdx.ac.uk/study/facilities

Here's how we back your ambition with spaces that work.

CREATIVE SPACES WITH INDUSTRY QUALITY

From our £300,000 motion capture studio to our Sony-designed TV production suite and 3D printing labs, you'll access the same tools top industry pros use.

BUSINESS-READY ENVIRONMENTS

You'll get hands-on in our Financial Markets Lab and pitch ideas in innovation zones built for collaboration.

LAW IN PRACTICE

Our replica courtrooms at Hendon Town Hall let you practise moots in real legal environments.

ADVANCED CLINICAL TRAINING

In our £23m redevelopment at StoneX Stadium in partnership with Saracens RFC, health students train with VR hospital wards, simulation suites, and AV-integrated labs.

SMART SCIENCE AND ENGINEERING

Explore robotics, mechatronics and biosciences in our Hatchcroft and Ritterman buildings, using software like Autopsy and FTK Imager in real-world scenarios.

OUR LIBRARY

You'll also have access to our Sheppard Library with quiet zones, group pods and skyline views. Take a break with free laptop loans, specialist software, and all core reading material provided.

DISCOVER OUR ACCOMMODATION

Whether you want convenience, community or independence, we've got you covered.

Explore your options:
www.mdx.ac.uk/student-life/accommodation

LIVE ON CAMPUS

We're ranked 6th in the UK for accommodation (Uni Compare Rankings, 2026) and offer on-campus halls with modern, furnished rooms and 24/7 reception teams, as well as dedicated postgraduate-only options to ensure you're living with students who share your rhythm.

PREFER MORE FLEXIBILITY?

We'll also support you in finding secure, high-quality private rental options across North London giving you more choice over budget, location, and lifestyle. From shared flats to independent studios, we're here to guide you through what's right for you.

Whatever your lifestyle or budget, we'll help you find somewhere to call home.

"While living in the halls, I made friends which might last a lifetime. It was an enriching experience that I'll never forget."

Joyita, MSc Engineering Management

SUPPORT FOR

Postgraduate study brings new opportunities and new pressures. That's why our support is personal, practical, and ready when you are. Whether you're returning to study, balancing work and family, or adjusting to life in the UK, we've got you.

ACADEMIC SUPPORT THAT WORKS FOR YOU

From day one, your academic adviser is there to guide your progress and help you unlock new opportunities. Need extra help? Our Learning Enhancement Team (LET) offers support with academic writing, referencing, research skills and more. You'll also have access to your own subject librarian, free online tutorials and LinkedIn Learning.

MENTAL HEALTH AND WELLBEING

We're ranked 1st for Student Support in London and 5th in UK (WUSCAs, 2025) and it shows. Our trained mental health professionals offer confidential support, from one-to-one counselling to practical strategies that help you manage stress and keep your studies on track.

DISABILITY AND INCLUSIVE LEARNING

If you have a disability or condition that affects your learning, we'll create a personalised support plan tailored to your needs. This might include extra time in exams, adapted materials, or one-to-one study skills coaching.

FINANCIAL AND LIFESTYLE ADVICE

We offer confidential guidance on budgeting, funding and cost-of-living strategies, so money worries don't stand in the way of your success. From living costs to food support, our Welfare Advice team is here to help. Because real support isn't one-size-fits-all, it's built around you.

"They listened, didn't judge, and gave me back the confidence I'd lost."

Sidra, MSc Public Health

FUNDING YOUR

STUDIES

Postgraduate study is an investment, but we make it accessible. At Middlesex, we back your ambition with practical support that reflects our value proposition: real-world focus, personal support, and flexibility.

FINANCIAL SUPPORT OPTIONS

- Scholarships and bursaries for academic excellence and personal circumstances
- Postgraduate loans up to £12,858
- 20% alumni discount for Middlesex graduates
- Paid part-time work on and off campus
- Free resources: laptops, course software, textbooks and LinkedIn Learning
- Living cost support: 30% off travel, free and discounted food, budgeting tools

The bursary made this degree possible. And I worked part-time through MDX Unitemps, which helped me focus on learning without constant financial stress."

Harpreet, MSc Public Health
