# MAKE YOUR FUTURE AT MIDDLESEX

Middlesex isn't just about getting a degree. It's helping you to grow further with a clear, flexible path to the best version of you – academically, personally, and professionally.

From first-year to final-year, you'll exceed what you thought possible, with career-ready skills and personal growth along the way. And you'll do it all with our tailored support and resources.

Whether it's one-to-one advice from expert industry leaders or bespoke adjustments, we'll do everything we can to help you achieve your goals. That includes gaining knowledge and experience to boost your employability from some of the of the biggest industry names, like Google, ASOS, Disney, NHS Trusts, and Deloitte.

It all takes place on our vibrant, inclusive North London campus – a space to truly belong. Where over 160 nationalities come together with mutual respect and celebration. Where state-of-the-art facilities, like our augmented reality equipment for nursing and midwifery and our Hollywood-grade motion capture suite, bring out the best in you.

Ready to discover the next version of you? Let's go...

Choose Middlesex and grow even further than you imagined. Here are four reasons you'll thrive with us.

# WHY CHOOSE MIDDLESEX?

## **SUPPORT SHAPED AROUND YOU**

At Middlesex, you're never alone. From lifetime career support and guaranteed 1-to-1 time with your personal tutor to tailored help with wellbeing and financial advice, we're here to ensure you thrive every step of the way.

## **COURSES BUILT FOR YOUR FUTURE**

Our courses combine practical, real-world learning with advanced industry knowledge, helping you develop career-ready skills that set you apart. It's why we're a top 5 London university for helping students develop skills for the future (NSS, 2024).

## **LEARN FROM TRAILBLAZERS**

Our educators are shaping the future – like our business researchers telling MPs in the UK Parliament how we can provide people with healthier and more environmentally sustainable food and the team driving AI innovation at the London Digital Twin Research Centre. With Middlesex, you'll gain insights that make a real impact.

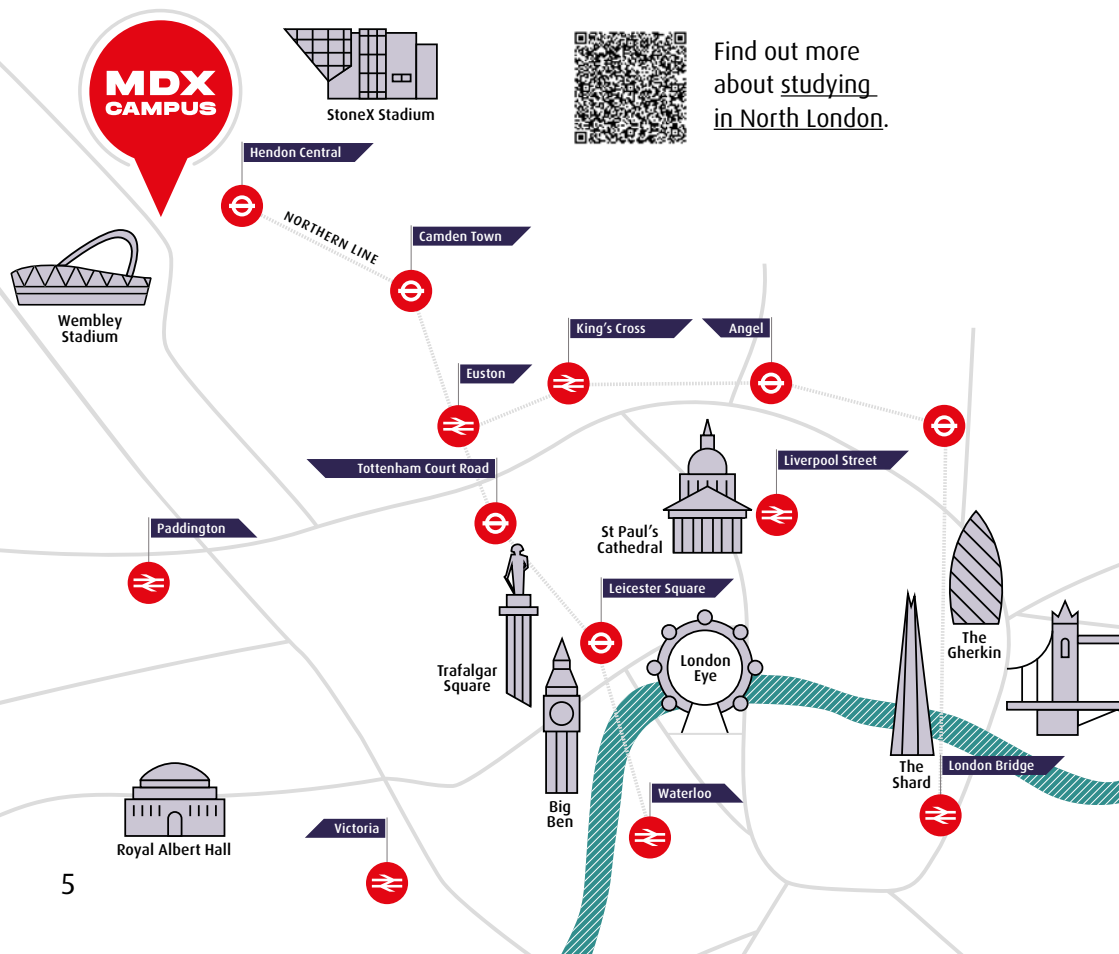

## **A NORTH LONDON CAMPUS TO INSPIRE**

We've invested £200 million in cutting-edge facilities, including our high-tech sports science and health education spaces, and our state-of-the-art creative hubs to fuel your ambitions.

# YOUR NORTH LONDON UNIVERSITY

Whether you're new to London or born-and-bred here, you'll feel right at home on our vibrant, inclusive campus.

## YOUR FUTURE RIGHT HERE

Whether you're dreaming of an internship at a global finance or tech company, a placement at a leading hospital, or a role in the creative industries, our North London location puts your career within reach. With global brands like Google, Nike, Universal Music Group, and the Alan Turing Institute on your doorstep – and central London just minutes away – you'll have access to countless career-boosting opportunities.

## EXPLORE YOUR CITY, FIND YOUR PEOPLE

Just a short walk or Tube ride from campus, you'll find everything from Camden's bustling markets and food scene, to world-class museums, sports venues, and nightlife. Whether you're cheering on a premiership team, soaking up the energy of music and events at Drumsheds, or unwinding in Hampstead Heath, London's social scene has something for everyone.

## TRAVEL INFO

-  **15 minutes**  
Camden to Hendon Central
-  **21 minutes**  
Euston to Hendon Central
-  **25 minutes**  
King's Cross to Hendon Central
-  **1 hour**  
Heathrow Airport to Hendon Central

-  **Direct links**  
to Thameslink rail line
-  **Direct links**  
to Luton and St Albans
-  **1 hour**  
Birmingham New Street to Euston
-  **2 hours 20 minutes**  
Norwich to Euston

# EXPERIENCE OUR

Our campus combines the close-knit feel of a neighbourhood with the big-city energy of London. All without the Zone 1 price tag.

Book your place at our next [Open Day](#).

## FIND YOUR COMMUNITY

With over 85 clubs, societies, and groups to choose from, Middlesex is where you'll find your people. Whether you're into sports, gospel choirs, or social activism, there's something for everyone. Our Students' Union, MDXSU, brings the campus to life with fairs, parties, markets, and events that help you try something new and make lasting connections. And when you need quick answers or support, MyMDX is your go-to for everything from advice to essential resources.

"The student union plays a huge role in making sure students' voices are heard. Students feel welcomed to their community."

Sarah Ford, BA Education Studies

## STAY ACTIVE YOUR WAY

From team sports to solo workouts, Middlesex has everything you need to stay active. Enjoy affordable, no-hassle memberships at The Fitness Pod gym or make use of our on-campus facilities, including football pitches, basketball courts, and a Real Tennis court.

## EARN WHILE YOU LEARN

Through Middlesex Unitemps, you'll have access to part-time jobs that pay the London Living Wage or higher. Last year, we employed 747 students on campus alone. Beyond earning extra money, you'll gain valuable skills and experience that employers in every sector are looking for.

## VOLUNTEERING

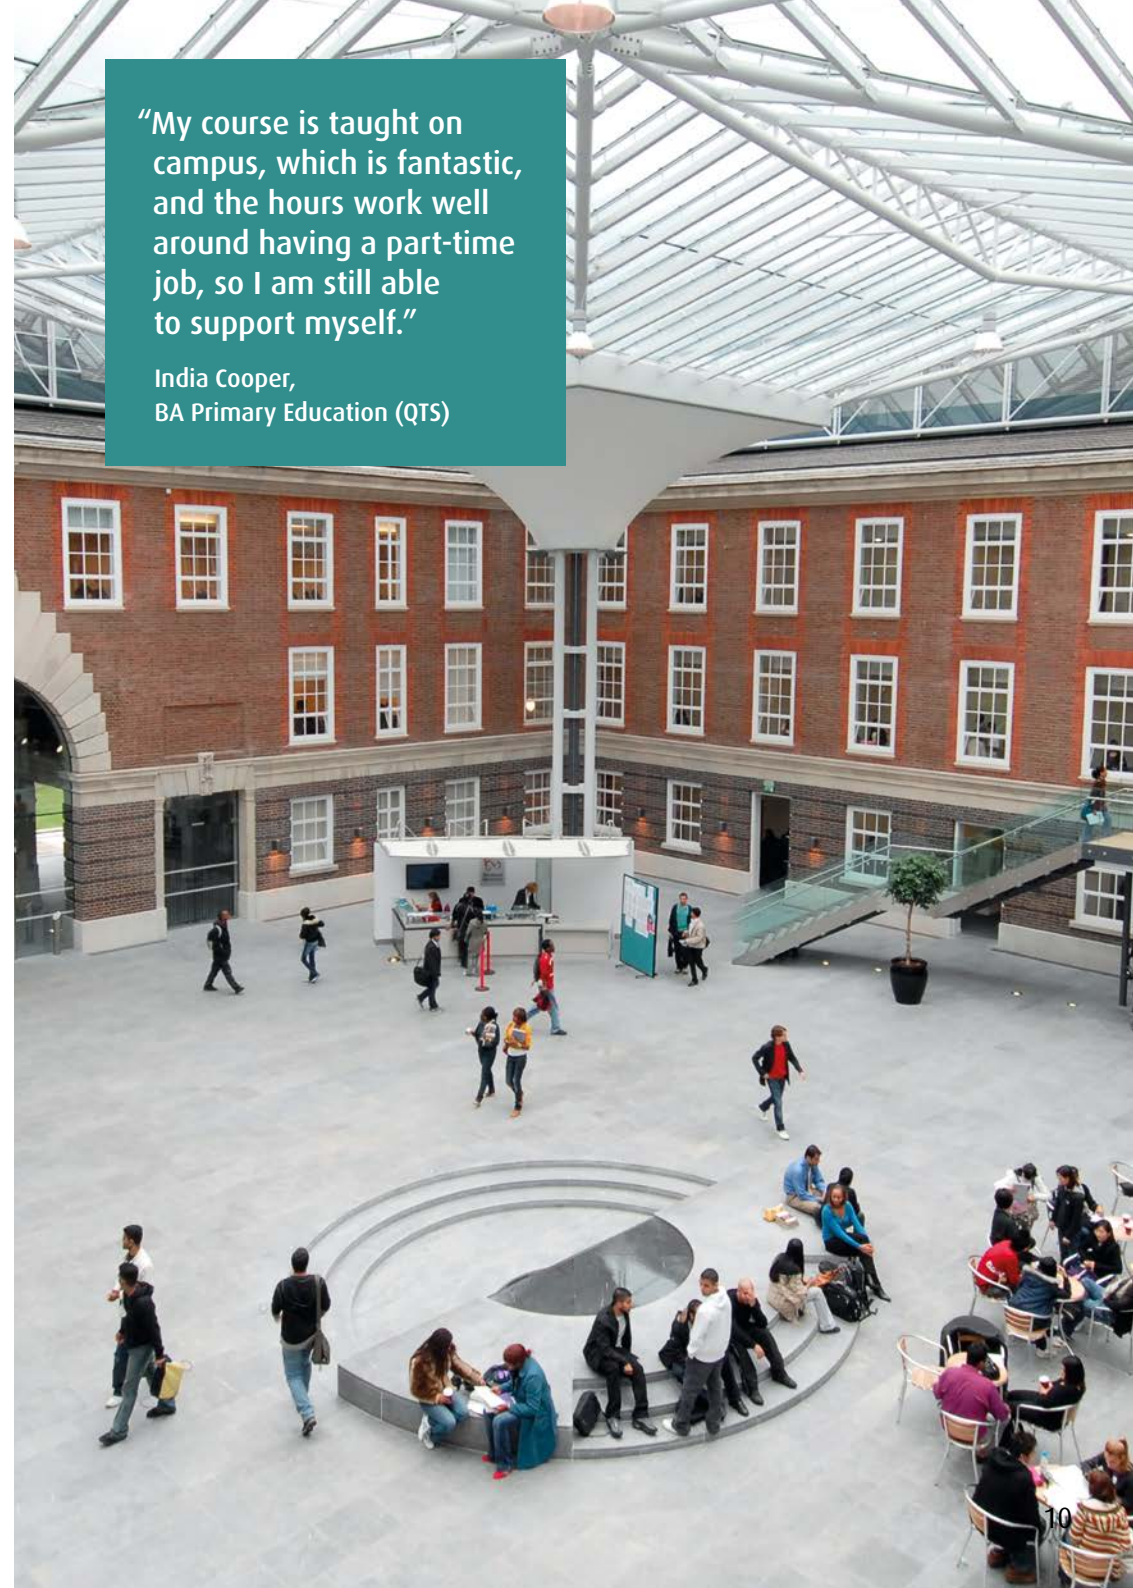

Want to create positive change? We'll connect you with volunteering opportunities to support your community or champion causes close to your heart. Get involved with our sustainability initiatives, from managing solar panels and green roofs to maintaining our hedgehog-friendly campus and rooftop beehives. At Middlesex, making a difference starts right here.

**"What makes it a great place to study is the variety of cultures, there are different people from different parts of the world there."**

Donald Eze,  
BSc Information Technology

**"My course is taught on campus, which is fantastic, and the hours work well around having a part-time job, so I am still able to support myself."**

India Cooper,  
BA Primary Education (QTS)

# DISCOVER OUR ACCOMMODATION

We'll help you find a place to live in our halls of residence or privately rented accommodation in London.

Find out more about our [accommodation options](#).

## LIVE ON CAMPUS

Moving away from home can be daunting, but we're here to help. Middlesex is a top 4 university for accommodation (Uni Compare Rankings, 2025) and one of the few London universities offering on-campus halls. We prioritise first-year students who apply by 30 June, so get ahead of the crowd by applying early. If you have a disability, we'll ensure you're placed in accommodation that meets your individual needs.

## STRONG STUDENT COMMUNITY

Living in halls helps you connect with new people and make friends quickly. Enjoy shared spaces to study, socialise, and relax, and become part of a welcoming community.

## SAFETY AND SECURITY

Our halls have 24-hour reception and security teams, so there's always someone around to help. The team will also fix maintenance problems quickly with no hassle.

## BUDGETING

We have a range of halls of residence and room varieties to help you find accommodation that fits your uni budget.

"I chose to study at Middlesex because of the environment; everyone is so caring and friendly, and it is very welcoming."

Denieze Rudo Nyarirangwe,  
BA Advertising, Public Relations  
and Branding

EXPLORE OUR  
WORLD-CLASS

We know that it's not just about what you learn, it's also the spaces you learn in. From cutting-edge labs to 24/7 study spaces, we've invested over £200 million in our campus to help you thrive.

Find out more about [our facilities](#) and take a [virtual tour](#).

# LIBRARY

Our Sheppard Library offers plenty of space for quiet study and group work, plus the best views on campus. Open Monday to Sunday 07:00 – 23:00 during term time, our friendly staff are always available to help you find the resources you need. We're ranked 1st in London for library and learning resources (NSS, 2024), and also offer free laptop loans, free printing and photocopying.

**"This is a great place for anyone wanting to get the most out of their university experience. The campus has an amazing library where you can study or chill."**

Diya Soni, BA Marketing

# ARTS AND CREATIVE INDUSTRIES FACILITIES

Take a look around our [creative facilities](#).

**"Middlesex gave me the facilities I needed to develop an eye-catching portfolio which helped me land my first job before I even graduated."**

Arthur Holmes, BA Graphic Design

In our £80 million Grove Building, you'll find industry-standard facilities including a £300,000 recording studio, studio theatres, and a Sony-designed TV production suite. Our motion capture suite, used in the production of the Avatar films, is just one of the revolutionary tools available to enhance your practical skills. Plus, you'll have access to specialist software like Adobe Creative Cloud to make studying more flexible.

# BUSINESS FACILITIES

Our facilities are designed to boost your employability. We use the same industry software as leading organisations like Barclays, Goldman Sachs, and KPMG. The Sheppard Library houses our state-of-the-art Financial Markets Lab, where you can gain practical experience using financial software like Bloomberg and Stater. You'll also have access to software off-campus, including Xero, Sage, and OneSource, offering flexibility in your studies.

Take a look around our [business facilities](#).

"Inside the library, we have the financial labs which have the Bloomberg computers... We can use Bloomberg and Stater to find any economic data within any country we choose."

Annisa Begum, BSc Economics

# LAW FACILITIES

Take a look around our [law facilities](#).

"I will always be thankful to Middlesex for providing me with the tools to go out into the legal world and stand out through my applications."

Amber Richardson, LLB Law

Experience the buzz of a real-life courtroom in our law chambers at Hendon Town Hall, just a short walk from campus. Mock debates and moots in this unique space will give you the hands-on experience and confidence you need for your future legal career. Our Sheppard Library also provides access to legal journals, books, and online resources to support your studies.

# HEALTH AND SOCIAL CARE FACILITIES

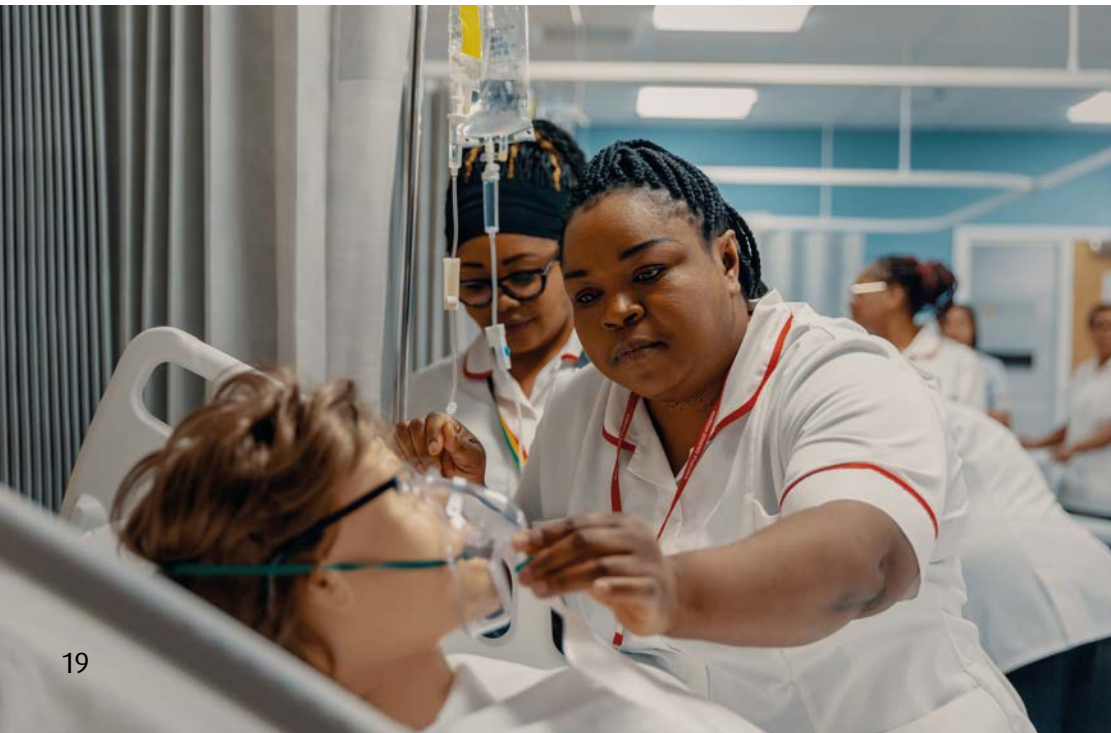

Learn in state-of-the-art clinical health facilities at the £23 million redevelopment of the West Stand at StoneX Stadium, just 15 minutes from campus. Using the latest AV and VR tech, you'll gain practical experience in our simulation suites, linking theory with hands-on experience in a hospital-like environment. Online learning resources, including Connect Virtual Labs, offer flexible study options.

Take a look around our health and social care facilities.

**"The facilities available to the nurses here at Middlesex are state-of-the-art simulation laboratories where we have access to equipment that is on par with what you would be working with in your clinical areas within the NHS."**

Bronwyn Evans, BSc Nursing

# TEACHING AND EDUCATION FACILITIES

You'll have access to a wide range of resources on campus to support your studies in education, from early childhood studies to higher education and teacher training. Complete placements and gain experience with local education partners, such as Haringey Council and the London Early Years Foundation. You can also access online learning materials and course-specific software anytime, anywhere.

Take a look around our teaching and education facilities.

**"I have found that this course has provided me with a good understanding of ideas and practices that are taken from various disciplines, such as psychology, history, law and management."**

Polly Aktar,  
BA Early Childhood Studies

# SCIENCE AND TECHNOLOGY FACILITIES

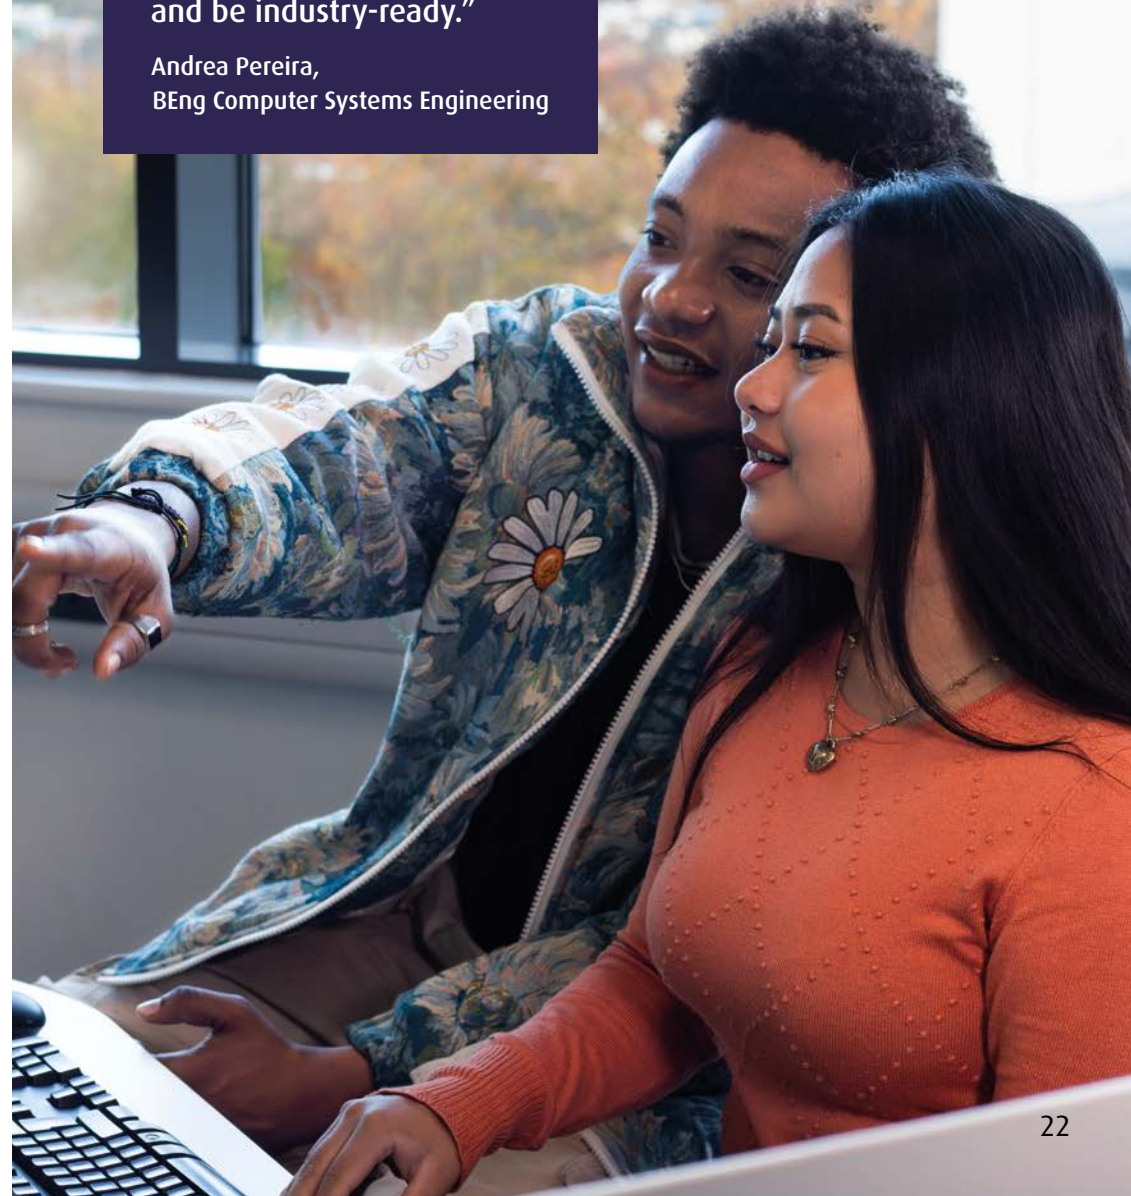

On campus, you'll find world-class facilities like the Redloop, home to our design and innovation centre, the £36 million Hatchcroft Building for cutting-edge research, and the Ritterman Building, where you'll discover what's new in smart transportation, product design, mechatronics, robotics and much more. The £23 million redevelopment of the West Stand at Saracens' StoneX Stadium contains the latest tech and equipment for both medical and sports sciences and is home to the London Sports Institute.

Take a look around our [science and technology facilities](#).

"The state-of-the-art laboratories equipped with the latest technology and curriculum driven by industry standards have propelled me to grow both as a person and a student and be industry-ready."

Andrea Pereira,  
BEng Computer Systems Engineering

# SUPPORT FOR

At Middlesex, we're in this together. From financial advice to wellbeing support, we tailor our support services to you, going the extra mile to ensure your success, both academically and personally.

"Making education more affordable ensures accessibility to a wider range of students. Scholarships, grants, and financial aid programs."

Yug Patel, BSc Computer Science

## WELLBEING SUPPORT

We take your mental health seriously, and it's a top priority for us. Ranked among the top 5 London universities for how we communicate about mental health (NSS, 2023), we offer expert guidance through our Counselling and Mental Health teams. Whether you're dealing with mental health, financial, practical, or legal challenges, we're here to support you and help you get back on track.

## FINANCE ADVICE

Our personalised finance advice will guide you through day-to-day living costs and offer practical tips on saving, so you can focus on your studies.

Find out more about our [support services](#).

## ACADEMIC SUPPORT

At Middlesex, we're with you every step of the way. We offer tailored support to help you at every stage of your academic journey—from online help with numeracy and literacy to dedicated English language sessions. You'll have guaranteed 1-to-1 time with your personal tutor, plus extra support from our Student Learning Assistants, who won the Collaborative Award for Teaching Excellence from Advance HE in 2022.

## DISABILITY SUPPORT

If you have a condition that affects your studies, we're committed to supporting you from day one and throughout your time at Middlesex.

**ACHIEVE  
YOUR CAREER**

**AMBITIONS**

Whatever you study at Middlesex, you'll develop the skills, connections, and experience to unlock a future that's yours. As a top 8 university for employability (Uni Compare Rankings, 2025), here are 4 impactful ways we'll help you build your career.

1

**We'll connect you with 1,000+ employers and industry partners**

We're committed to helping you build meaningful connections with leading employers. Through our network of 1,000+ industry links and global partners, you'll access employment opportunities, placements, internships, and networking with big-name organisations like HSBC, Deloitte, Google, Apple, Amazon, Guy's and St Thomas's NHS Trusts, ASOS, Nike, Brentford FC, and Saracens Rugby Club.

"Thanks to the people I met through Middlesex, I managed to work on projects for quite big clients, including Amazon Prime and Disney+."

Sofia Negri, BA Animation

2

**You'll join a global network with opportunities to study and work abroad**

Gain an international perspective while studying with us. You can connect with our campuses in Dubai and Mauritius, participate in exchange programmes, and join international events and trips – like our creative students, who recently took part in France's top journalism and documentary filmmaking festival.

"Studying abroad in Belgium and Canada allowed me to gain loads of experience, develop my skills, enhance my CV and make new contacts around the world."

Clelia Giordano,  
BA Interior Design

3

**Our industry-led, practical courses will help you stand out**

Our courses are designed to equip you with the knowledge, skills, and hands-on experience you need to excel in your chosen field. You'll learn from industry experts and benefit from mentorship to ensure you succeed.

Plus, many of our degrees are accredited, demonstrating to future employers that you have the industry-specific know-how they need.

I chose Middlesex due to the reputation of my course, as well as the expertise of the lecturers teaching."

Robert Lee,  
BSc Sport and Exercise  
Rehabilitation

4

**You'll get lifetime career, employability and business support**

We're proud to be ranked 2nd in the UK for annual graduate salary growth – 3x faster than Oxbridge and Russell Group universities (The Telegraph, 2024). Our Careers and Employability Service offers lifetime support to guide you through every stage of your professional journey.

If you're a budding entrepreneur, our start-up programme will give you advice and funding to help you launch your own business.

"The employability service in particular has provided great support with enhancing my CV, which I'm really thankful for."

Katarzyna Marek,  
BSc Psychology with  
Neuroscience

# FUNDING YOUR

At Middlesex, we believe everyone should have the chance to reach their potential, regardless of their background. So if you want to go to uni, we have the tailored support to make it happen.

## WORK WHILE YOU STUDY

We know how important it is to balance studying with work. That's why we offer hundreds of student jobs on campus that pay the London Living Wage and above, as well as support in finding paid work off-campus.

## FINANCE YOU DON'T NEED TO PAY BACK

Our Living Costs Fund is available to all students, alongside scholarships, bursaries, and awards based on academic achievement and personal circumstances.

## LOANS, GRANTS AND BENEFITS

Government financial support, grants, and incentives are available to help you manage your expenses. Plus, our MDX student starter kit – worth up to £1,000 – gives you the practical tools you need to get started on the right foot.

## PERSONAL FINANCE ADVICE

Whether it's guidance on budgeting, housing costs, or your rights as a student, we're here to help you manage your finances and any practical or legal challenges you may face.

"I have to say one of the biggest perks of studying at Middlesex University as a creative student is the free printing facilities and the fact that we have free access to the Creative Cloud software."

Krishna Solanki,  
BA Interior Design

# ANIMATION, GAMES DESIGN AND FILM

Unleash your creative vision and refine your talents with expert guidance and cutting-edge facilities.

## Degree courses

- BA 3D Animation for Games and Film
- BA Animation
- BA Film
- BA Game and Level Design
- BSc Games Design and Development

## Foundation courses

- Foundation Year in Arts and Creative Industries

## Subject highlights

- World-class facilities: Access some of the best resources and technology in the country, including our motion capture suite, green screens, and workstations.
- Award-winning teachers: Learn from industry professionals who've worked on iconic productions such as Avatar, Planet of the Apes, Happy Feet, and Dead Space.
- Strong industry links: Our Career Days, panel discussions, and alumni events are designed to connect you with professionals. We're committed to forming and developing partnership agreements with leading companies both in the UK and abroad, such as Avid, Canon and Blackmagic Design.
- Successful graduate network: Our alumni have gone on to work for industry giants such as BBC, Disney, Rockstar, and the latest Star Wars productions.

## Why study this subject area?

Develop your unique creative identity and gain the skills needed to excel in the animation, games design, and film industries. At Middlesex, you'll be taught by professionals like Jonathan Hodgson, BA Animation programme leader and two-time BAFTA winner. You'll work with

industry-standard equipment in our £80 million purpose-built Grove building, including the motion capture suite and green screen facilities, similar to those used in Avatar films.

## Your career

Reaching your career goals is at the heart of everything we do. At Middlesex, you'll gain valuable and transferable skills that will give you an edge in your chosen field. Our courses reflect the dynamic, evolving creative industries, and you'll work on projects that mirror professional briefs.

## Industry partnerships

At Middlesex University, we are committed to forming and developing partnership agreements with leading companies both in the UK and abroad such as:

**Canon**

Blackmagicdesign

EDUCATION PARTNER

**"The Animation course helped me realise my potential and gave me great work experience. I worked on the visuals for The Who's US Tour and went to Milan for the Design Week to work on live visuals for Bombay Sapphire Gin."**

Kuba Ludziejewski,  
BA Animation

# FASHION AND MEDIA

Express your individuality and gain the industry-level skills to thrive in the fast-paced world of fashion and media.

## Degree courses

- BA Advertising, Public Relations and Branding
- BA Digital Media and Communications
- BA Fashion
- BA Fashion Communication and Styling
- BA Fashion Marketing

## Foundation courses

- Foundation Year in Arts and Creative Industries

## Degree apprenticeships

- BA Digital Design (Degree Apprenticeship)

## Subject highlights

- World-class facilities: Work with industry-standard fashion and textiles equipment, digital media tools, and cutting-edge workstations.
- Learn from the best: Gain insights from high-profile guest lecturers such as Craig Green, Rottingdean Bazaar, Martine Rose, Louise Gray, and Eley Kishimoto.
- Industry connections: Take advantage of paid work placements and career support throughout your degree, helping you build valuable industry relationships.
- Successful graduate network: Our alumni have gone on to work for leading brands such as Burberry, Tom Ford, and Givenchy.

## Why study this subject area?

Whether you're aiming to become a stylist, designer, PR professional, digital media producer, social media manager, or content creator, Middlesex is the perfect place to kick-start your career in fashion or media. Here, you'll develop work that reflects your unique style, not the 'house

style' of an institution. Our students thrive on individuality, with 94% of those on our BA Fashion Communications and Styling course praising the support from our dedicated teaching staff (National Student Survey, 2024).

## Your career

— At Middlesex, we put your career at the heart of everything we do. All fashion courses include a six-week work placement, providing you with real-world experience in the global fashion industry. Previous students have interned with top brands like Alexander McQueen, Matty Bovan, Mary Katrantzou, Simone Rocha, and Richard Quinn, giving them the head start they need to succeed. Our Media courses hone your skills in self-branding and entrepreneurship.

**"Middlesex has given me great experience within the industry itself. I've interned with big London Fashion Week designers, where I got to learn how the industry really works."**

Tom Lincoln, BA Fashion

# ART AND DESIGN

Build a portfolio that showcases your unique creative vision and develop the practical skills to thrive in the art and design world.

## Degree courses

- BA Fine Art
- BA Graphic Design
- BA Illustration
- BA Interior Architecture
- BA Interior Design
- BA Photography
- BA Product Design
- BSc Architectural Technology

## Foundation courses

- Foundation Year in Arts and Creative Industries

## Subject highlights

- World-class art and design facilities: Our £80 million creative hub is home to some of the best resources in the country, offering you everything you need to bring your ideas to life.
- Experienced staff: Gain insight from highly experienced staff who are not just educators, but active artists, designers, and curators involved in current practices, publications, and exhibitions.
- Rich and diverse art and design community: Connect with a diverse group of creatives, exchanging ideas and pushing the boundaries of your practice.
- Exhibit your work: Showcase your talents to industry professionals at our on-campus showcases, giving you real exposure to the creative world.

## Why study this subject area?

At Middlesex, we celebrate creativity and individuality. Learn from leading artists, designers, theorists, and curators who are passionate about helping you discover your creative voice. Our multi-disciplinary approach ensures you receive the guidance you need to master your

craft and prepare a portfolio that truly reflects your style. Our BA Interior Architecture and BA Interior Design ranks as one of the top 10 courses in the UK (Guardian University Guide, 2025).

## Your career

Your career is our priority. All art and design courses offer live briefs, placements, and opportunities to engage in shows, exhibitions, and competitions. You'll develop valuable, transferable skills and gain exposure to the real world of art and design. Our strong network of professionals and creative industry connections will support you in taking the next step in your career. Graduates have gone on to work for top companies like Penguin, Amazon, Brinkworth, and Virgile and Partners.

**"I studied Interior Design for half a year on a placement in Canada. All the skills I learnt abroad, I am now implementing in my practice here in London. I feel confident enough to start my own journey."**

Selina Sharma, BA Interior Design

# PERFORMING ARTS

Hone your craft through hands-on learning, access to industry leaders, and opportunities in some of London's most iconic venues.

## Degree courses

- BA Dance
- BA Music
- BA Theatre
- BA Professional Arts Practice

## Foundation courses

- Foundation Year in Arts and Creative Industries

## Subject highlights

- Excellent performing arts facilities: Our fully equipped dance studios, music rooms, and theatres are designed to support your development and inspire your creativity.
- Strong industry links: Gain insight and inspiration from guest speakers and masterclasses led by leading practitioners and industry managers.
- Explore your individuality: Our courses blend rigorous technique training with creative freedom, allowing you to explore and express your unique artistic identity.
- London as your classroom: With access to a wealth of theatres and dance venues, London offers you the perfect setting for placements and practical experience.

## Why study this subject area?

Whether you're passionate about dance, music, or theatre, Middlesex offers an environment that encourages you to push boundaries and refine your craft. Our performing arts courses focus on individuality, professional practice, and collaboration, giving you real-world opportunities to work with renowned artists. You'll have access to iconic venues, including the National Theatre, Royal

Opera House, and Jackson's Lane, making London the perfect backdrop for your artistic journey.

## Your career

With placements, collaborations, and exposure to leading industry figures, you'll be ready to take the stage and make your mark. Our graduates have worked with major artists and companies, including the Firebird Orchestra, Allegri String Quartet, Daniel Miller (Founder of Mute Records), and Grammy Award-winning producer Alan Branch. Recognised for their distinctive education and artistic formation, our graduates are in high demand within the creative industries, both nationally and internationally.

**"Middlesex gave me the chance to experiment as an artist and producer, working with great musicians in amazing facilities. Thanks to that experience and practice, I'm now working as an assistant producer at JBJ studios."**

Aaron Lewis, BA Music

# ACCOUNTING, ECONOMICS AND FINANCE

Gain the professional-level skills, confidence, and connections you need to thrive in today's fast-moving financial world.

## Degree courses

- BA Accounting and Finance
- BA Business Management (Finance)
- BSc Banking and Investment Finance
- BSc Business Accounting
- BSc Business Economics
- BSc Economics

## Top-up courses

- BSc Financial Services (Top-up)

## Foundation courses

- Foundation Year in Accounting

## Subject highlights

- Exclusive placement opportunities: Our established NHS work placement scheme for BA Accounting and Finance gives you a full year of valuable experience with one of the UK's most trusted organisations.
- Student satisfaction: 91% of students on our BA Accounting and Finance course were positive about the quality of teaching (NSS, 2024).
- Award-winning global community: Be part of our amazing international network, recognised as a Global Champion of Campus Culture (CIMA Campus Culture Excellence Award, 2022).
- Industry-standard training: Build practical skills using the same software and technology as leading global institutions, including OneSource, Sage, Xero, and Bloomberg, in our state-of-the-art financial markets lab.

## Why study this subject area?

With London as the global hub of financial services, Middlesex is perfectly placed to help you launch your career in accounting, economics, or finance. You'll learn from academics with years of industry experience and gain hands-on training that

sets you apart in the job market.

From mastering complex financial systems to understanding global economic trends in our markets lab, we give you the tools to succeed.

## Your career

Finance is one of the UK's highest-paying sectors, and a degree from Middlesex puts you on the path to success. You'll graduate with the skills, experience, and professional connections needed to achieve your goals. Our graduates have gone on to work at some of the biggest names in the industry, including Barclays, Deloitte, HSBC, KPMG, and PwC.

**"Studying Accounting and Finance at Middlesex has really provided me with a stepping stone into the financial world."**

Nasir Ibrahim,  
BA Accounting and Finance

- Learn alongside students from over 50 countries, gaining a rich, international outlook to prepare for success in today's globalised business world.

## Why study this subject area?

At Middlesex, you'll join an entrepreneurial, forward-thinking community that inspires innovation and nurtures leadership. Our expert academics bring decades of industry experience, blending real-world case studies with cutting-edge business theory. Whether you're designing business strategies, analysing markets, or leading teams, you'll develop professional-level skills that make you stand out.

## Your career

We're here to help you turn ambition into achievement. With extensive career-focused support from our award-winning careers team, you'll graduate ready to make an impact. Our alumni have gone on to secure leadership roles at top organisations, including Amazon, Fenwick, M&S, and Transport for London.

**"The lecturers at Middlesex have a lot of experience, and guest speakers tell us more about what it takes to succeed in the industry."**

**Samiha Chowdhury,  
BA International Business**

# MARKETING, ADVERTISING AND TOURISM

Discover your potential and shape your future in industries that thrive on innovation and creativity at a top 5 London university for Marketing and Tourism (Complete University Guide, 2025).

## Degree courses

- BA Advertising, Public Relations and Branding
- BA Business Management (Marketing)
- BA Fashion Marketing
- BA Marketing and Digital Communications
- BSc International Tourism Management

## Top-up courses

- BSc International Hospitality and Tourism Management (Top-up)

## Foundation courses

- Foundation Year in Business

## Subject highlights

- Top rankings: Proud to be among London's top 5 universities for Marketing and Tourism (Complete University Guide, 2025).
- Exceptional student experience: 94% of our students were positive about the learning opportunities on their Advertising, Public Relations and Branding course (NSS, 2024).
- Industry expertise: Learn from globally experienced academics with hands-on knowledge of marketing and tourism sectors in the UK, Greece, India, Turkey, and beyond.

## Why study this subject area?

Join a top 20 UK university for producing business leaders (Novuna Business Cash Flow, 2023) and gain the skills to think strategically and act creatively. Middlesex offers a dynamic, international learning environment where you'll grow your expertise alongside students from over 50 nationalities.

You'll explore innovative ideas, tackle real-world challenges, and gain practical insights that prepare you for success in global marketing and tourism industries.

## Your career

London's thriving job market offers unparalleled opportunities in marketing and tourism, and Middlesex is your gateway to these industries. With career-focused learning and extensive support, our graduates have landed roles at top organisations, including Google, Etihad, IKEA, and Virgin.

**"After our four day trip to South England, I was sure that studying tourism was the best decision. I had the opportunity to enhance my knowledge on research activities and connect with classmates."**

**Nertila Dumani,  
BSc International Tourism  
Management**

Step into the dynamic world of justice and gain real-world experience at the best London university for Law (THE Young Universities, 2024).

## Degree courses

- LLB Law
- LLB Law with Criminology
- LLB Law with International Relations

## Foundation courses

- Foundation Year in Law and Social Sciences

## Subject highlights

- Top in London for Law: We are the number 1 university for Law in London and top 6 in the UK (THE Young Universities, 2024).
- Exceptional student experience: 92% of our students were positive about the teaching on their LLB Law course (NSS, 2024).
- Practical experience: Work alongside professional barristers and solicitors while supporting the local Legal Advice Centre, bridging the gap between theory and practice.

## Why study this subject area?

Combine academic excellence with hands-on learning to build the skills and confidence needed for a successful legal career. Our cutting-edge curriculum is designed to give you a comprehensive understanding of legal principles, while practical opportunities – like working on real cases with our Legal Advice Centre – help you bring those principles to life. You'll graduate with a degree that is highly respected worldwide, prepared to make a difference in the legal field.

## Your career

London is a global hub for legal careers, and Middlesex is your gateway to this vibrant industry. With extensive support from our award-winning career services team, our graduates have pursued impactful roles at organisations like Saunders Law, The United Nations, and UNICEF.

**“Lecturers and staff at Middlesex provided me with opportunities that were unmatched. I will always be thankful for the tools to go out into the legal world and stand out through my applications.”**

Amber Richardson, LLB Law

# CRIMINOLOGY AND SOCIOLOGY

Shape a better future with insight from industry-leading experts at a top 10 London university for Criminology (The Guardian, 2024).

## Degree courses

- BSc Criminology
- BSc Criminology (Policing and Investigations)
- BSc Criminology with Psychology
- BSc Sociology with Criminology
- LLB Law with Criminology

## Foundation courses

- Foundation Year in Law and Social Sciences

## Subject highlights

- Top-ranked law school: Criminology and Sociology are part of Middlesex's Law School. Ranked number 1 in London and top 6 in the UK (THE Young Universities, 2024).
- Strong graduate outcomes: Middlesex BSc Criminology graduates earn £2,000 more than the UK average just 15 months after graduating (Graduate Outcomes Survey, 2023).
- Exceptional teaching: 94% of students were positive about how their BSc Criminology course developed their knowledge and skills (NSS, 2023).

## Why study this subject area?

At Middlesex, you'll learn from experts driving groundbreaking research, such as uncovering the 'Spice crisis' in UK prisons and pioneering child internet safety measures. You'll have the flexibility to shape your degree to suit your ambitions, with optional modules across criminology and sociology. Whether you're passionate about social justice, public safety, or driving societal change, our courses are designed to prepare you for a meaningful career.

## Your career

Our graduates are making a real difference in society, securing impactful roles at organisations like Belmarsh Prison, in local and national government, with the police, and in social services and youth work.

**"The staff at Middlesex are very kind, friendly and easy to talk to. Our professors are very involved and have many years of experience."**

Malyun Ali, BA Criminology

**"I've loved learning about vigilantism; the modules and course content fit what I was looking for from this subject."**

Zeenat Hussain,  
BA Sociology with Criminology

## GRADUATE DESTINATIONS

Our location and careers team have helped graduates secure roles at global organisations, including Ministry of Justice and Deloitte.

Find out more about your [course](#).

# BIOLOGICAL SCIENCES

Explore the intricacies of life on Earth with courses designed to hone your analytical skills in well-equipped research labs, while gaining hands-on experience through exciting field trips to destinations like Mauritius and Jersey.

## Degree courses

- BSc Biochemistry
- BSc Biological Sciences

## Foundation courses

- Foundation Year in Science

## Subject highlights

- State-of-the-art facilities: Learn in our cutting-edge laboratories, equipped with industry-standard tools, keeping you at the forefront of scientific research and innovation.
- Accreditation: Our courses are accredited by the Institute of Biomedical Sciences (IBMS), offering you the professional qualifications to give you a competitive edge in your scientific career.

## Why study this subject area?

Gain valuable expertise in a discipline that's at the forefront of scientific advancement. In our state-of-the-art Hatchcroft facilities, you'll develop a range of industry-ready skills and techniques in biological research. From laboratory analysis to field-based research, you'll gain the hands-on experience needed to thrive in the biological sciences sector.

## Your career

Graduates have gone on to successful careers in research, bioscience companies like Novogene, and with the NHS. Through our strong partnerships with leading organisations, you'll build essential industry connections that enhance your employability. Learn from internationally recognised experts, and apply your knowledge in real-world scientific settings to propel your career forward.

**"A lot of the lecturers are involved in their own research if they're not teaching, so they supervise students during their dissertations through their own research. The things you're being taught and learning for your dissertation often come straight from the research they're doing that they're really passionate about and are experts in, so you're in good hands."**

Zeshan Ahmed,  
BSc Biomedical Science

# HEALTHCARE SCIENCES

Step into the forefront of healthcare innovation with Middlesex, where industry placements and state-of-the-art facilities prepare you to transform patient care and advance clinical outcomes.

## Degree courses

- BSc Healthcare Science (Audiology)
- BSc Healthcare Science (Cardiac Physiology)

## Degree apprenticeships

- BSc Healthcare Science (Audiology) (Degree Apprenticeship)
- BSc Healthcare Science (Cardiac Physiology) (Degree Apprenticeship)

## Subject highlights

- Cutting-edge facilities: Access specialist labs, simulation suites, and advanced resources at our Hendon campus and StoneX Stadium, designed to mirror real clinical environments.
- National accreditation: Accredited by the National School of Healthcare Science, known for pioneering scientist training and shaping the future of healthcare.
- Expert educators: Learn from active researchers and practitioners leading ground-breaking studies and working on the front line of clinical practice. Over 90% of students were happy with the quality of academic support on BSc Healthcare Science (Cardiac Physiology) (Apprenticeship) (NSS, 2024).

## Why study this subject area?

At Middlesex, you'll gain invaluable experience through industry connections with major healthcare organisations like the NHS. With a curriculum shaped by internationally recognised lecturers and hands-on learning opportunities, you'll be at the cutting edge of healthcare innovation, equipped to tackle the sector's most pressing challenges.

## Your career

Our graduates have excelled in roles at organisations such as the Anthony Nolan Trust, NHS Hillingdon, Boots, and NHS Whittington. Our courses focus on developing specialist skills and providing real-world experience, ensuring you're ready for the demands of the healthcare industry. With access to placements at some of London's top healthcare institutions through our NHS partnerships, you'll graduate confident and career-ready.

**"The first time I came to Middlesex University for an Open Day it just immediately felt like home. The staff were so friendly and just made me feel comfortable. The university is really accommodating to students."**

**Iqra Sheikh,  
BSc Healthcare Science  
(Cardiac Physiology)**

# MEDICAL SCIENCES

Explore the cutting-edge of medical technology, from DNA sequencing to advanced electrophysiology, and prepare for a transformative career as a medical researcher or clinician.

## Degree courses

- BSc Biomedical Science
- BSc Medical Physiology
- BSc Medical Science
- BSc Neuroscience
- BSc Pharmaceutical Sciences

## Foundation courses

- Foundation Year in Science

## Subject highlights

- World-class facilities: Study in our £36 million Hatchcroft Building, home to over 30 state-of-the-art labs, including a bioscience suite, cell and tissue culture labs, and mass spectrometry and medical engineering labs.
- Sustainability focus: Many of our courses align with UN Sustainable Development Goals, addressing global challenges like climate change, sustainability, and digital innovations.
- Hands-on experience: Most courses offer an optional placement year, giving you the opportunity to gain real-world experience, build industry connections, and enhance your employability.
- Student satisfaction: Over 91% of students were happy with the quality of assessments and feedback on BSc Biomedical Science (NSS, 2024).

## Why study this subject area?

At Middlesex, you'll gain invaluable expertise while working in one of the UK's best-equipped eco-friendly centres for science and technology. Our innovative labs include a bio-modelling centre, robotics and mechatronics facilities, and advanced mass spectrometry suites.

With a focus on sustainability and practical application, our courses prepare you to tackle the most pressing challenges in medical science.

## Your career

Our graduates have excelled in roles with organisations such as the Anthony Nolan Trust, NHS Hillingdon, Boots, and NHS Whittington. Through our strong partnerships with the NHS and other healthcare leaders, you'll gain hands-on experience and industry insights that set you apart. Led by internationally recognised lecturers who are active researchers, you'll graduate with the knowledge, skills, and connections needed to succeed in medical research or clinical practice.

**"I chose this course because it was accredited by the IBMS and found through my own research that the facilities and academic staff were excellent. I could also stay at home in London, saving me money."**

Apdesh Landa,  
BSc Biomedical Science

# PUBLIC AND ENVIRONMENTAL HEALTH

Develop practical skills in our industry-standard food inspection and environmental health suites, and gain invaluable professional experience through real-world industry tours and visits.

## Degree courses

- BSc Environmental Health
- BSc Public Health

## Top-up courses

- BSc Occupational Safety and Health Management (Top-up)

## Foundation courses

- Foundation Year in Science

## Degree apprenticeships

- BSc Environmental Health (Degree Apprenticeship)
- Diploma Private Sector Housing Interventions (Distance Education)

## Subject highlights

- Aligned with national frameworks: Our courses are aligned with the UK Public Health Skills and Knowledge Framework (PHSKF), a key resource for those working to protect and promote public health across the UK.
- Industry membership: Middlesex is a proud member of ASPHER, an organisation focused on advancing public health education and training to improve the health of communities.
- Practical experience: You'll have access to state-of-the-art environmental and occupational health suites, where you can apply your learning in real-world scenarios.
- Student satisfaction: 95% of students were happy with the quality of academic support on the BSc Environmental Health (NSS, 2024).

## Why study this subject area?

Learn from industry experts who have shaped public health policy and practice. You'll gain industry-recognised qualifications, including CIEH accreditation,

and the hands-on experience you need to make a real impact in public health. Our staff have extensive practical experience in environmental health, innovation, and research that influences both policy and practice.

## Your career

Our graduates pursue careers with leading organisations across diverse sectors, including Transport for London, NHS Trusts, government agencies, and universities. Our courses provide the qualifications and industry connections you need to thrive in the public and environmental health sectors. Through our expert faculty and industry-driven curriculum, you'll be well-prepared to lead change and innovation in this vital field.

**"Middlesex equipped me with both the skills and knowledge required to get to where I am professionally today. Studying BSc Environmental Health has helped me with career progression as I am now an Environmental Health Officer for the Government of Anguilla."**

Lesroy Lake,  
BSc Environmental Health

# COMPUTING AND IT

Elevate your expertise and shape your future with the skills, knowledge, and experience that today's employers demand.

## Degree courses

- BEng Computer Systems Engineering
- BSc Artificial Intelligence and Data Science
- BSc Business Computing Data Analytics
- BSc Computer Science
- BSc Cyber Security and Digital Forensics
- BSc Information Technology

## Top-up courses

- BSc Information Technology and Business Information Systems (Distance Learning Top-up)
- BSc Information Technology and Business Information Systems (Top-up)
- BSc Information Systems (Top-up) (Online Distance Learning)

## Foundation courses

- Foundation Year in Computing and Engineering

## Subject highlights

- Top-tier industry links: Build connections with leading organisations like Ford, Jaguar Land Rover, Mitsubishi, BAE Systems, IBM, Festo, and Siemens.
- Official Cisco academy: Gain CNNA certification training and hands-on experience with the latest industry equipment.

## Why study this subject area?

At Middlesex, you'll master cutting-edge tech in our specialist labs, equipped with Cisco units, blade servers, high-end simulation software, and state-of-the-art telecommunications tools. Through our strong partnerships with industry leaders such as Arm, Opnet, and Xilinx University, you'll engage in innovative, interactive

learning that bridges theory with real-world application. Our approach ensures you'll graduate ready to excel in a dynamic, ever-evolving field.

## Your career

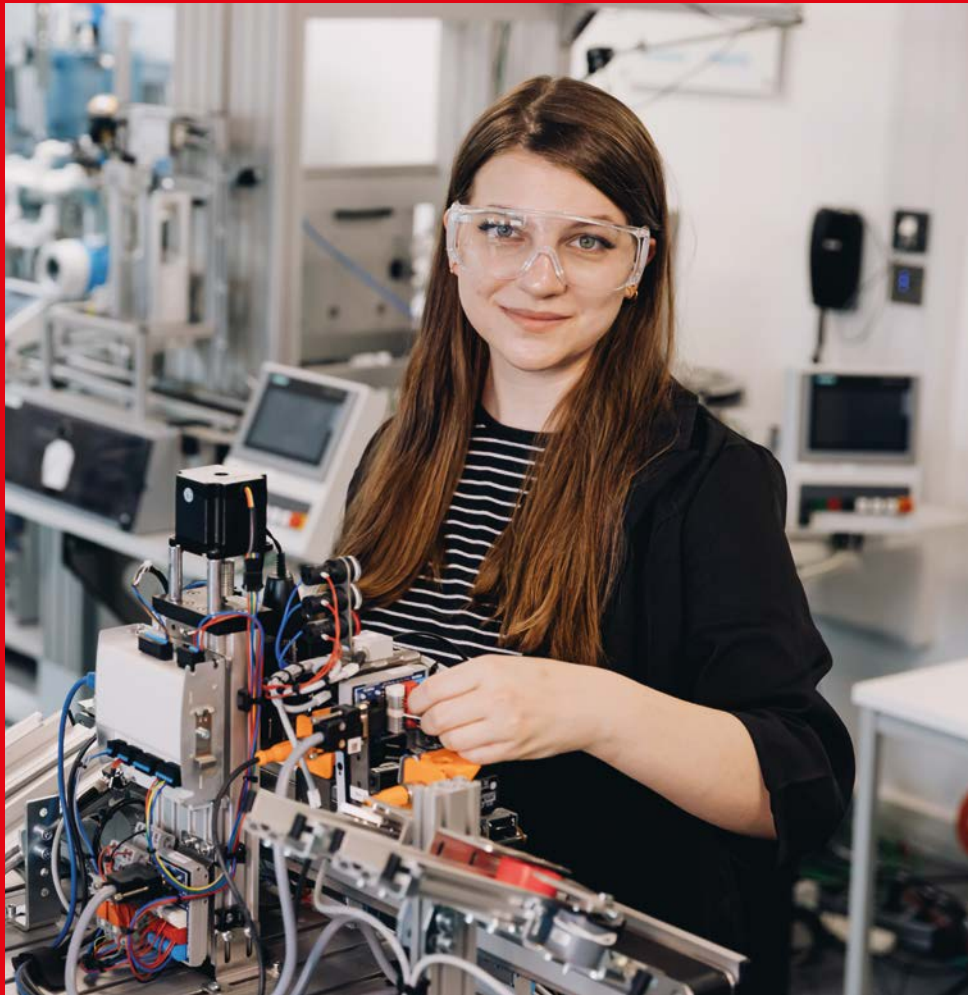

Middlesex graduates are shaping the future of technology at global organisations like IBM, Siemens, and Allianz Group. Whether you're pursuing roles as a software engineer, systems analyst, or IT specialist, our degrees will equip you for a wide range of opportunities across the private, public, and not-for-profit sectors. Computing is one of the fastest-growing career fields, and with a Middlesex degree, you'll be ready to lead.

**"I've really enjoyed studying here at Middlesex, I've learned a lot and am already getting job offers from employers, even though I haven't graduated yet."**

**Alvi Chowdhury,  
BSc Computer Science**

# ENGINEERING AND DESIGN

Immerse yourself in a world of innovation where design thinking and real-world problem-solving are at the heart of everything we do. Tackle practical projects from day one, gaining hands-on experience that sets you apart.

## Degree courses

- BA Product Design
- BEng Computer Systems Engineering
- BEng Design Engineering
- BEng Electronic Engineering
- BEng Mechatronics and Robotics Engineering
- BSc Architectural Technology

## Foundation courses

- Foundation Year in Computing and Engineering

## Subject highlights

- Industry-approved facilities: Our smart automation labs and training materials are endorsed by global leaders Siemens and Festo.
- Specialist digital resources: Access industry-standard software, a fully equipped workshop, and a professional studio environment to bring your ideas to life.
- Sustainability-focused learning: Our teaching aligns with UN Sustainable Development Goals, tackling societal challenges like climate change, sustainability, and digital innovation.
- Student satisfaction: 100% of students were happy with the quality of assessments, feedback, organisation and management on BSc Architectural Technology (NSS, 2024)

## Why study this subject area?

From the start of your course, you'll develop practical design and problem-solving skills in our cutting-edge workshops. With support from experienced lab technicians, you'll gain the hands-on experience needed to excel in your field.

Our curriculum blends creativity, technical expertise, and sustainability to ensure you're workplace-ready and future-focused.

## Your career

Middlesex graduates have joined leading organisations such as Airbus, Dyson, Lego, and Ashridge Engineering. Whether you aim to work for a top company or start your own business, our courses prepare you for success. You'll also engage with industry leaders and participate in events like Posters in Parliament and World Skills BIM, giving you valuable exposure to real-world opportunities and challenges.

**"A great aspect of this course was the practical approach to learning. I really enjoyed the process of transforming a concept into an actual object."**

**Eduardo Abend,  
BEng Design Engineering**

# PSYCHOLOGY

Join one of the UK's largest and most dynamic providers of Psychology education. At Middlesex, you'll thrive in a research-intensive department with expertise spanning health and wellbeing to cognitive neuroscience.

## Degree courses

- BSc Neuroscience
- BSc Psychology
- BSc Psychology with Counselling Skills
- BSc Psychology with Criminology
- BSc Psychology with Neuroscience

## Foundation courses

- Foundation Year in Psychology

## Subject highlights

- Influential industry links: Access placements with renowned organisations like Great Ormond Hospital School, the Institute of Psychiatry, the Institute of Education, Holloway Prison, and the Metropolitan Police.
- State-of-the-art facilities: Learn and conduct research in cutting-edge bioanalytical laboratories and counselling practice rooms.
- Recognised excellence: 100% of students were happy with the quality of learning resources on BSc Psychology with Criminology (NSS, 2024).

## Why study this subject area?

All of our Psychology courses are accredited by the British Psychological Society, setting you on the path toward chartered status and boosting your career prospects. You'll learn from leading researchers in health psychology, forensic psychology, and qualitative research, gaining a robust foundation in both theory and practice.

## Your career

Middlesex graduates are making an impact in diverse fields, with alumni working at institutions like Priory Hospital, Great Ormond Hospital School, and the Institute of Psychiatry. A Psychology degree from Middlesex opens doors to careers as counsellors, social workers, psychologists, teachers, and academics, as well as roles in law, business management, clinical health, and education.

**"I enjoyed the practical elements of my course which included conducting experiments and observations, along with carrying out my end of year project. I also enjoyed the combined aspect of the course which enabled me to learn about two separate subjects simultaneously."**

**Jessica Faulkner,**  
BSc Psychology with Criminology

# SPORTS AND EXERCISE SCIENCE

Become an expert in Sports Science at the top university in London for the subject (Guardian League Table, 2023).

## Degree courses

- BSc Sport and Exercise Rehabilitation
- BSc Sport and Exercise Science (Physical Education and Coaching)
- BSc Sport and Exercise Science
- BSc Football Coaching and Performance (joint with Watford FC)

## Foundation courses

- Foundation Year in Sport
- FdA Football Development & Coaching

## Subject highlights

- Top-rated teaching: 95% of students were happy with the quality of Academic support on the BSc Sports and Exercise Science (NSS, 2024).
- State-of-the-art facilities: You'll have access to the £24 million West Stand StoneX Stadium, a centre of excellence for simulation-based learning in healthcare and sports science, in partnership with Saracens Rugby Club.

## Why study this subject area?

Develop your skills and knowledge alongside experts with industry experience at the highest sporting level. With links to Premier League football clubs like Arsenal, Brentford, and Tottenham, as well as top rugby clubs like Saracens, you'll gain invaluable networking opportunities. The exclusive partnership with Saracens ensures you'll learn in cutting-edge facilities at StoneX Stadium, an environment that mirrors the real-world sports industry.

## Your career

Our graduates go on to have successful careers at leading sports organisations, including Brentford FC, Nike, and the London Institute of Sport. With access to exclusive partnerships and a network of top-tier sports professionals, you'll graduate with the contacts and experience to excel in the sports industry. Whether you're looking to work with football clubs, rugby teams, or major fitness organisations, our courses equip you with the skills to make a real impact.

**"I couldn't do my current job without my degree. I run my own clinic now and get a huge amount of job satisfaction. The course gave me a good grounding in the skills required to run a private practice."**

**Glenn Cranham,  
BSc Sport and Exercise  
Rehabilitation**

Find out more about your [course](#).

# MIDWIFERY

Gain access to state-of-the-art simulation facilities, top NHS placements, and a comprehensive curriculum that blends hands-on practice, mentoring, and immersive learning.

## Degree courses

- BSc Midwifery
- BSc Midwifery with Professional Registration (Shortened Programme for Registered Adult Nurses)

## Subject highlights

- Ranked 2nd in London: Our Midwifery courses are ranked 2nd in London (Guardian University Rankings, 2023).
- State-of-the-art simulation: Experience some of the best simulation facilities in the country, including Virtual Reality/ Augmented Reality and industry-leading equipment to enhance your learning.
- Collaboration with NHS Trusts: Our courses are developed in collaboration with local NHS trusts, ensuring the highest standards of education and healthcare training, accredited by the Nursing and Midwifery Council.

## Why study this subject area?

Prepare for the challenges and rewards of midwifery with extensive practical experience in leading NHS maternity units, supported by cutting-edge simulation facilities. Accredited by the Nursing and Midwifery Council, our course will ensure you become a registered midwife. With 90% of our graduates securing roles across maternity wards, communities, and healthcare sectors, you'll make a lasting impact on women's and babies' lives (Discover Uni, 2023).

## Your career

Our strong partnerships with local NHS hospitals offer exceptional placement opportunities, many of which lead to immediate employment post-graduation. Graduates can pursue diverse career paths in private and NHS antenatal, labour, postnatal wards, and neonatal units.

**"I am beyond grateful to have qualified in such a diverse university. I have learned such a vast amount throughout my 3 years of studying at Middlesex. Between caring for a women antenatally to caring for a neonate after birth."**

Nadia Khenchelaoui,  
BSc Midwifery

# NURSING

Access high-tech simulation learning and gain excellent career prospects through real-world experience in NHS Trusts. Put your learning into practice with hands-on teaching, expert guidance, and state-of-the-art facilities.

## Degree courses

- BSc Nursing (Adult)
- BSc Nursing (Child)
- BSc Nursing (Mental Health)

## Subject highlights

- Student satisfaction: 100% of students were happy about the quality of academic support and learning resources on the BSc Nursing (Adult) Apprenticeship (NSS, 2024).
- Cutting-edge facilities: Gain access to state-of-the-art facilities at Hendon campus and StoneX Stadium, with specialist spaces, simulation suites, and labs equipped with Virtual Reality/ Augmented Reality and industry leading simulation equipment.
- NMC-endorsed training: Benefit from top-tier healthcare training, endorsed by the Nursing and Midwifery Council (NMC), ensuring the highest standards in education.

## Why study this subject area?

Our unique partnership with NHS Trusts offers hands-on experience with partner hospitals, allowing you to apply your learning in real-world settings. With access to state-of-the-art facilities, including fully equipped hospital wards and VR simulations, our NMC-accredited degree ensures high-quality education and prepares you for high employability. With 90% of graduates securing roles in the NHS and private sector (Discover Uni, 2023), you'll be ready for the professional nursing register and a rewarding career.

## Your career

Our excellent placement opportunities with partner trusts ensure over 90% of nursing graduates secure graduate-level employment in London's NHS Trusts and the private sector within six months (Discover Uni, 2023).

"I absolutely love my course. We get to do a range of placements in various areas, such as A&E, theatres and medical wards, as well as opportunities to study abroad – with academic and financial support from the University."

Hufzha Juneja,  
BSc Nursing (Adult)

# SOCIAL WORK

Develop your knowledge and skills within the social work sector at the best London university for Social Work (Complete University Guide, 2025).

## Degree courses

- BA Social Work

## Degree apprenticeships

- BA Social Worker  
(Degree Apprenticeship)

- Expert teaching staff: Learn from subject specialists and experienced educators who are dedicated to preparing you for the world of teaching.
- Great placement opportunities: Build real-world experience through placements with local schools in London and the surrounding home counties.
- Personalised support: Access tailored support through Graduate Academic Assistants, personal tutors, and more to help you thrive throughout your studies.

## Why study this subject area?

Whether you're looking to develop your existing educational role or start a new career in the classroom, our courses provide the ideal foundation. Learn from experienced professionals who offer practical insights and guidance, ensuring you gain the skills and knowledge needed for a successful teaching career.

## Your career

Our strong connections with local schools across London and the home counties give you access to a wealth of placement opportunities, helping you build the right experience for your teaching career. We provide career support throughout your degree to ensure you're ready for the world of work. Previous students have completed placements at Broadfields Primary, Rhodes Avenue, Saracens High School, Kingsmead School, and more.

**"My tutors really took the time to get to know us as individuals. A lot of our activity was very practical and directly applicable to a primary school setting. Middlesex played a major part in helping me get to where I am professionally."**

Alexander Pepe,  
BA Primary Education

# VETERINARY NURSING

With accreditation from the Royal College of Veterinary Surgeons (RCVS) and a 90% employability rate (Discover Uni, 2023), we provide top-notch education, practical training, and industry connections for diverse career opportunities.

## Degree courses

- BSc Veterinary Nursing

## Top-up courses

- BSc Veterinary Nursing (Top-up)

## Foundation courses

- BSc Veterinary Nursing with Foundation Year

## Subject highlights

- Student satisfaction: Over 96% students were happy with the quality of teaching and learning resources available to them on the BSc Veterinary Nursing (NSS, 2024).
- Collaborative learning with the College of Animal Welfare (CAW): Our course is delivered in partnership with CAW, the UK's largest veterinary nurse training provider.
- High demand for Veterinary Nurses: 90% of our graduates gained employment in 2021/22, with the remaining completing further study (Discover Uni, 2023).
- RCVS Accreditation: Upon graduation, you can apply to become a Registered Veterinary Nurse with full accreditation from the Royal College of Veterinary Surgeons.

## Why study this subject area?

With over 145 years of expertise in Veterinary Nursing, we offer a rich curriculum that blends hands-on training with strategic partnerships. 50% of the course is dedicated to practical work placements, where you will gain confidence and skills to care for a diverse range of animals.

This combination of academic learning and industry experience ensures that our graduates are well-prepared for the challenges of veterinary nursing.

## Your career

Upon graduation, you will be eligible to register as a Veterinary Nurse with the RCVS and enter a sector with high demand for skilled professionals. Our 90% employability rate (Discover Uni, 2023) reflects the success of our graduates in securing roles across animal welfare and care, opening doors to diverse career paths.

"They gave me everything I needed to hit the ground running. Including being RCVS accredited. I was a fully fledged RVN on qualification and could walk straight into a job."

Karen Beech,  
BSc Veterinary Nursing
